

REEDUCATION FOR DISABLED SOLDIERS

Work is Going Forward at a Satisfying Pace Just Now.

WASHINGTON, March 3.—Figures indicating progress in reeducating and placing disabled soldiers, sailors and marines show that the work is going forward at a satisfying pace. The statement of February 15 reveals the total number of cases the federal board for vocational education was in contact with 22,851. Of these 6,552 were reported from the war risk insurance bureau; 9,920 from hospitals; 4,494 from the red cross; 78 from the United States Department of Labor; 1,852 from the men direct and from other sources 1,060.

Not every wounded man is entitled to retraining. First, under the law, he must have been awarded compensation by the war risk insurance bureau, and thus far 5,655 have been awarded compensation, 79 having been denied it, and 19,17 are cases in process of determination.

It is necessary to have the war risk insurance bureau pass upon a case as the essential preliminary, and the agents of the federal board assist disabled men to make their applications to the war risk insurance bureau. In the last thirty days 2,655 men have been assisted in filing their applications. Nine thousand four hundred and twenty-five (9,425) men have been interviewed by the various agents of the federal board and 9,162 were awaiting interview.

There were 2,286 prospectives for retraining. During the last month 490 cases have been awarded training and entered upon the various lines of study fitting them for useful work in the skilled trades, occupations, professions and other callings, the total available to be selected from being about 500.

The placement division of the federal board is busy locating employment opportunities for the retrained men and when they have finished their courses places will be awaiting them.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must wash your liver and bowels—keep your system clean, a hollow stomach—of rings under your eyes—pimples—bilious look in your face—dark eyes with no sparkle. Your doctor tells you ninety percent of all sickness comes from a clogged bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by giving up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 50c per box. All druggists.
